Adam

Do you think luck plays a vital role in success?

I don't think luck has anything to do with it.

So, what factors do you think contribute to success?

In my opinion, the **secret to success is identifying your own strengths and passion.**

I think hard work and focus also contribute to success.

I agree. Being focused and working hard prevent us from being distracted from our goals.

Absolutely. What else?

I think risk-taking also plays a part.
